# Retsch<sup>®</sup> TECHNOLOGY

Solutions in Particle Sizing

**Course  
Program  
\$100\***

\*Fee waived for one attendee per organization within one year of purchase of any new analyzer.

**CAMSIZER Boot Camp  
Tuesday and Wednesday  
May 20 & 21, 2008  
at:**

**Holiday Inn Express  
24888 I-45 North  
The Woodlands, TX 77386  
(281) 681-8088**

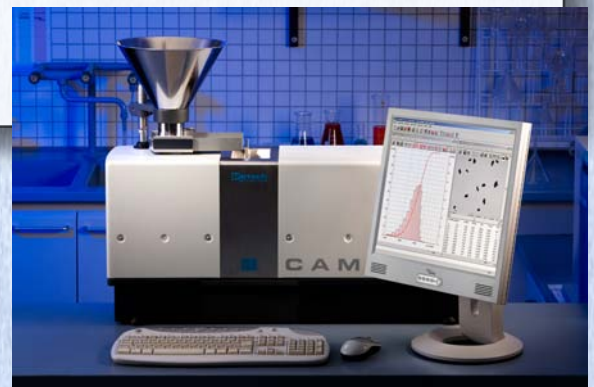

### Program agenda - Day 1:

- 8:15 - 8:30 **Registration and continental breakfast**
- 8:30 - 12 noon **Image Analysis Theory**  
-Size Measurement  
-Shape Measurement  
-Choosing a size model  
**System Operation**  
-Improving Measurements  
-Data Handling and Exporting  
-Report Design and Generation
- 12:15 - 1:00 **Lunch**
- 1:00-5:00 **Hands on Training**  
-Basic System Operation  
- Method Development

### Program agenda - Day 2:

- 8:15 - 8:30 **Continental breakfast**
- 8:30 - 12 noon **Special Interest Topics**  
(chosen by attendee interest)  
-Sieve Correlation  
-Sample Director Applications  
-Why Pharma Loves the Camsizer  
-Beyond Size & Shape  
-To Ionize or not to Ionize?  
-Attendee Requests
- 12:15 - 1:00 **Lunch**
- 1:00 - 5:00 **Hands on Training**  
-Customer Samples  
\*Bring them with you or send them ahead of time  
-Q & A session with the Experts

HORIBA Instruments and Retsch Technology present a training course for current CAMSIZER users. The Boot Camp will promote a greater understanding of underlying theories and practices in the expanding field of particle characterization by image analysis. The goal is to enhance the user's experience - instrument use, challenges in method development and data interpretation will improve through expert instruction and hands-on instrument training.
